

# **These regulations apply immediately due to the Corona-Virus-Pandemic**

## **You have to avoid unnecessary social contacts**

- Outside the apartment a maximum of 2 people are allowed to walk or stand together or a family or the people who live together in a shared apartment.
  - Within an apartment a maximum of 5 people are allowed to stay together or those who live together (a family and people who share a flat).
  - Everybody has to stay away at least 1.5 meters from other people when you walk outside (except your own family or the people whom you share a flat).
  - It is not allowed to visit old people's homes or hospitals.
- This will be controlled by the regulatory office and the police. If you don't follow these new rules you can be punished with up to 25,000€ or even be send to prison for up to two years!

## **It is still possible to do the following things:**

- to go shopping
- to visit an doctor (you should call the doctor before and make an appointment)
- to go to work
- to drive care and to get fuel for the car
- to get money from an ATM
- to walk alone on the street, to walk outside with your family or with the people you share a flat. You are also allowed to drive your bicycle.

## **These shops are still open:**

- discounters, pharmacies, drug stores, post offices, medical supplies, optician and some more shops.

## **Please note:**

- Do not visit other families!
- Stay at home if you can!
- Follow the hygiene recommendations!

**Stay calm and stay healthy!!**
